# Notes on Donizetti's Daughter of the Regiment

La Fille du Régiment (The Daughter of the Regiment) is an opéra comique in two acts by Gaetano Donizetti (1797-1848). It was written in 1840 while the composer was living in Paris, with a French libretto by Jules-Henri Vernoy de Saint-Georges and Jean-François Bayard.

Donizetti's Daughter of the Regiment tells the story of an energetic, tomboyish young orphan, Marie, who is raised by a regiment of French soldiers, who falls in love with the peasant Tonio and who discovers she's the niece of a Marquise. Set in an alpine enclave at the end of a battle during the Napoleonic wars, it's two hours of fun and frivolity.

Act 1 is set in the Tyrolean Mountains. On their way to Austria, the terrified Marquise of Berkenfield and her butler, Hortensius, have paused in their journey because a skirmish has broken out. When the Marquise hears from the villagers that the French troops have retreated, she comments on the rude manners of the French people. Sulpice, sergeant of the 21st regiment, assures everyone that his men will restore peace and order. He is joined by Marie, the mascot, or "daughter", of the regiment, which adopted her as an orphaned child. When Sulpice questions her about a young man she has been seen with, she explains that he is Tonio, a local Tyrolean who once saved her life. Troops enter with Tonio as their prisoner, having taken him for a spy. When Marie tells them that Tonio saved her life, they release him, and he explains that he approached the troops only to see the girl he loves. The soldiers decide to toast their daughter's savior rather than shoot him, and the festivities include Marie's rendition of the 21st's regimental song ("Chacun le Sait"). Then, Tonio is ordered to follow the soldiers, but he escapes and returns to declare his love to Marie. Sulpice reminds Marie of her promise to marry only within the ranks of the 21st.

The story follows Marie and Tonio as they declare their love for one another and are torn asunder by the Marquise de Berkenfield and ultimately helped back together by the same Marquise and Marie's beloved regiment.
